

# Running

## Ashmont Hill

What is this love?

I'll follow you

Till the end

I'll never relent

I'll follow you

Till the end

You laid down your life  
You took my place and died for me  
You were broken and chained  
To take my shackles  
Now I'm free

I'm running, I'm running  
I'm chasing after you  
I'm running, I'm running  
I'm chasing after you

What is this love?

I'll follow you

Till the end

I'll never relent

I'll follow you

Till the end

You laid down your life  
You took my place and died for me  
You were broken and chained  
To take my shackles  
Now I'm free

I'm running, I'm running  
I'm chasing after you  
I'm running, I'm running  
I'm chasing after you

What kind of love?

What kind of love?

Is this, yeah!

What kind of love?

What kind of love?

Is this Sing what kind of love, yeah.

What kind of love?

What kind of love? Yeah

I've searched all over

What kind of love? (Can't find another love 2x)

What kind of love?

Oh yeah, so I'm running, I'm running

I'm chasing after you

I'm running (Oh GOD I'm running)

I'm running ( I want more of you)

I'm chasing after you (after your presence)

I'm running, yeah

I'm running, I'm running

I'm chasing after you (For there's nobody like you)

I'm running (God I need you)

Chasing after you (I will run, I will search I will find you Lord)

What is this love?

I'll follow you

Till the end

I'll never relent

I'll follow you

Till the end (4x softly and fade)
