

# Funny Little Tragedy

## Gov't Mule

Life has finally shown you  
It's a mean old world  
The killer little soldier  
Is now a scared little girl Always had everything  
Just handed to you  
Always had it your way  
I got to hand it to you And seeing you now  
All broken down, I gotta say It's a funny little tragedy  
A funny little tragedy  
A funny little tragedy Your standing on my doorstep  
You say you've got nowhere to go  
You're all soaking wet  
I've never seen you so low Sorry if I don't fall  
For your tricks again  
But I seem to recall  
The way you did me in And now your new lover  
Has left you high and dry, I gotta say It's a funny little tragedy  
A funny little tragedy  
A funny little tragedy Yeah I dream about this day  
Seeing you go down this way  
That's all I got to say Maybe some day  
If I see you again  
Things will be different  
And we can be friends But for now I believe  
You better walk away  
The little soldier and me  
We go our separate ways I can watch you walking  
Tears running down your face It's a funny little tragedy  
A funny little tragedy  
A funny little tragedy Yeah, I dream about this day  
Seeing you down this way  
That's all I got to say
