

# One Helluva Night

## Future

You can't tell me you got no love for me, no  
You can't tell me you ain't got no love for me, no I done ran into a few complications  
Promise me you'll always stay dedicated  
You gotta promise me you'll never be scared of love no more  
You took the vows, for better or for worse  
Please baby, please baby, please  
Gave me reason to believe in my dreams  
Give me love, that's what I need, that's what I need  
I'll travel through time, I walked the line and overseas  
Before do anything, we're doing us  
I didn't have no more patience, I was in a rush  
I fell in love with music, just like us  
You work at Magic, baby can you love me?  
You see the moon comin' out at night  
I got a wolf standin' by my side  
We do these girls three at a time  
I'm in my world, I'm out of time  
Three different highs, I'm off the ground  
Look in my eyes, you see my trials  
You see my tribulations, I was down  
I seen the sweat running down the wall  
We tryna have a good time  
We toastin' it up at the juke joint  
Sit by the bar at the juke joint  
Made love in the car at the juke joint  
I'm standin' in the middle of an orgy  
I put a smile on a whore bitch  
I feel like my life is completed  
I feel like it's timin' with everything I feel like it's timin' with everything  
Feel like it's timin' with everything  
I stood in the middle of an orgy  
She did it right, it was gorgeous  
She lookin' right, she was gorgeous  
One hell of a night, it's a portrait  
One hell of a night, it's a portrait Sometimes I'm rappin' this  
When I know I shouldn't be doin' this  
Hopin' that the end results  
I don't aim to ruin this  
Palm trees influenced this

Chronic trees influenced this  
Tootsies in Miami  
These girls, they influence this  
The JW Marriott in Dubai, it influenced this  
Take a few laps on the horses before the sun sets  
And I can see it from my window  
I can see this from my window I feel like it's timin' with everything  
Feel like it's timin' with everything  
I stood in the middle of an orgy  
She did it right, it was gorgeous  
She lookin' right, she was gorgeous  
One hell of a night, it's a portrait  
One hell of a night  
One hell of a night  
One hell of a night  
One hell of a night, it's a portrait  
One hell of a night  
One hell of a night, it's a portraitBefore do anything, we're doing us  
I didn't have no more patience, I was in a rush  
I fell in love with music, just like us  
You work at Magic, baby can you love me?  
You see the moon comin' out at night

One hell of a night, it's a portrait  
One hell of a night  
One hell of a night, it's a portrait  
One hell of a night

One hell of a night

One hell of a night

One hell of a night, it's a portrait
