

I Want It All

Turbonegro

You know I want it all
Lion machines putting on the green
Bring all that you can bring
Beat the machine boy You know I want it all To much genetic debris
Stealing air from me
The songs of the masters are
The eternal slaves, boy You know I want it all So come on, bring it on, everything
Because I want it all, I want it all
You know I want it all I heard that some like it hot
And some don't like it too hot
So show me what you got
I wanna see it baby You know I want it all So come on, bring it on, everything
Because I want it all, I want it all
You know I want it all Let's hear it for the boy I wanna check it out
I wanna hear it shout
While I still got a shot
Show me before it rots, baby You know I want it all So come on, bring it on, everything Because I want it all, I
want it all
You know I want it all
You know I want it all
You know I want it all I want the gash, I want the cash
I want everything
