They told me that talk is cheap, but broke hoes be sure talkin
Used to be moonwalkin, now those be strobe walkin
Broke hoes for sure callin, fo fos and fos crawlin
Don't play with my paper get a broke nose and oh darling
Sure starvin, hungry for fetti like it's fettuccine
Got a problem, they see me, cause I'ma solve it, believe me
Better be good at magic and bottle the baddest genie
Had to holla at Jay, cause the neck just look better blingy
Wanna be me, I'm just too real to be duplicated
If you don't know me, yeah you never met me, then you should hate it
You can have an opinion, but I ain't one to debate it
If you ridin spinners, stop it, that nonsense is overrated
Even if you on dubs, especially if you on hubs
Them sixes is stationary, but somethin that you will love
Shout out to the blue and cuz, shout out to my B and bloods
We ain't tryna be gangsta, for real, we just doin us
Yeah we gettin that paper, if you say that we're not
It's obvious you residin somewhere up under a rock
Got 'em staring outside, they love how the trunk pop
Like Block E-N-T is me, they be all on my Yung Joc
Reppin them hard blocks, where them hustlers they all ready
Your lady all hung up on you, now she callin your boy's celly
And that's because y'all petty, my paper's for sure heavy
Don't play cause that boy deadly with hands like that boy Freddie[Chorus]
