

Wonderful Thang

Keith Sweat

All I ask is, "Let me please you, baby"
All I ask is, "Let me love you right"
I wanna open up my heart to you
You wonderful thang, you
I'll give you everything your heart desires
I'll be real gentle, baby I won't hurt
I won't stop until you tell me to
You wonderful thang, you
Come on girl, right now
I need your love, right now
I need your good love, love
Girl, my plan's to lay you down
Lay you down and take your body places that it never been
Turn you out
Oh yeah
See girl, I wanna turn you out what I'm really saying is
All I ask is, "Let me please you, baby"
All I ask is, "Let me love you right"
I wanna open up my heart to you
You wonderful thang, you
I'll give you everything your heart desires
I'll be real gentle, baby I won't hurt
Girl, I won't stop until you tell me to
You wonderful thang, you
I knew you since we were just kids growing up
But now that you're grown, ooh girl, you're making me go ooh
You're making me hot
And my desire is to, is to, is to lay you down
And give you all my love that you've been waiting on
Oh girl, come on, yeah
And to turn you out
Till I hear you say that you want me to stop
All I ask is, "Let me please you, baby"
All I ask is, "Let me love you right"
I wanna open up my heart to you
You wonderful thang, you
I'll give you everything your heart desires
I'll be real gentle, baby I won't hurt

Girl, I won't stop until you tell me to
You wonderful thang, you
Ooh, don't stop
(Your love, I need it, I want it, gotta have it)
Ooh, don't stop
(So baby, let me lace it, and taste it)
Ooh, don't stop
(With my heart, my emotions, my lovin', my devotion)
You wonderful thang, you
Ooh, don't stop
(Your love, I need it, I want it, gotta have it)
Ooh, don't stop
(So baby, let me lace it, and taste it)
Ooh, don't stop
(With my heart, my emotions, my lovin', my devotion)
You wonderful thang, you
All I ask is, "Let me please you, baby"
All I ask is, "Let me love you right"
I wanna open up my heart to you
You wonderful thang, you
I'll give you everything your heart desires
I'll be real gentle, baby I won't hurt
Girl, I won't stop until you tell me to
You wonderful thang, you
All I ask is, "Let me please you, baby"
All I ask is, "Let me love you right"
I wanna open up my heart to you
You wonderful thang, you
I'll give you everything your heart desires
I'll be real gentle, baby I won't hurt
Girl, I won't stop until you tell me to
You wonderful thang, you
All I ask is, "Let me please you, baby"
Turn the lights down
Turn the lights down
Turn the lights down
