Tomorrow (Casey's Song)

For All Those Sleeping

It feels like my words are failing and you've had enough
'Cause in a world this cold, it's easier to fold than try to get back up
You wanna give up but don't
'Cause there's a home for you in every note that I singYesterday is something we can't change, but don't, just don't, give up on tomorrow
There's no chance if you throw it away
So don't, yeah just don't, give up on tomorrow
There's always gonna be some pain from yesterday, but just know, just know, there's always tomorrow
Don't you dare give up on me
You're not the only one
(The only one)
It's hard sometimes to see it through, when all the dark in life is surrounding you
There's always gonna be some doubt, but just don't, yeah just don't, ever let your light burn outWe all have a voice for a reason
So let all your demons out
You've got to believe me
And I'll use mine to remind you, your past is just that, so let go, it's all behind you
'Cause there's some hope for you in every note that I singYesterday is something we can't change, but don't, just don't, give up on tomorrow
There's no chance if you throw it away
So don't, yeah just don't, give up
There's always gonna be some pain from yesterday, but just know, just know, there's always tomorrow
Don't you dare give up on me
You're not the only one
(The only one)
It's hard sometimes to see it through, when all the dark in life is surrounding you
There's always gonna be some doubt, but just don't, yeah just don't, ever let your light burn outWhen the world forgets your name I will say it for you
If the world forgets, remind them you're here to stayEvery voice has a reason
So speak up, don't give up, and keep believing
Every voice has a reason
So speak up, don't give up
Just believeThere's always gonna be some pain from yesterday, but just know, just know, there's always tomorrow
Don't you dare give up on me
You're not the only one
(The only one)
It's hard sometimes to see it through, when all the dark in life is surrounding you
There's always gonna be some doubt, but just don't, yeah just don't, ever let your light burn out

(Ever let your light burn out)
