Friends Are Friends Forever

Close Your Eyes

Can You tell me how this ends?
I've never been so close to anyone as You
It feels like I'm dreaming, don't wake me upToday is for the living
And I am on my last breath, my last breath
The air seems so stale, I force my lungs to inhale
I'll be alright as long as You're here by my sideSell short, when You're so much more
You're so much more than I deserveYou're always there to lend a hand
That's why I'll be right here next to You until the end
Never giving up, You're always there to lift me up
When times get tough, when times get toughHopes and dreams
They are shared by You and me
This is where I want to be
You are my familySell short, when You're so much more
You're so much more than I deserveYou and I we built this together
Every brick this is ours to make or break
All the blood, the sweat, the tears
Everything's been worth it
And I will protect this until my last dying breathDon't leave me here alone 'cause I need You
Don't leave me here alone forgotten
Don't leave me here alone 'cause I need You
Don't leave me here alone, don't leave me here aloneI won't leave You here alone, we stand by each other
I won't leave You here alone, we stand by each other
