Surprise

Sugababes

Last summer we met, I'll never forget
Hanging out every day
Guess that era has gone, you got what you want
Hope she works out okayI bet you think I'm torn
That you're the one I miss
I'm over, now you're gone
But that's not the way it isSurprise, why you call me up late at night
Expecting me to wanna die
I'm busy here with some other guy
It's good since you told me goodbyeOoh ho ho ho, ooh ho ho ho, ooh ho ho ho
It's good since you told me goodbye
Ooh ho ho ho, ooh ho ho ho, ooh ho ho ho
It's good since you told meDon't go, go wasting your time, expecting me crying
Lost like I can't go on
Yeah, my pride's still intact, no danger of that
It must hurt to know you're wrongYou think I'm on my own
Just waiting for the chance
I'm getting what I want
But it's not the way you plannedSurprise, why you call me up late at night
Expecting me to wanna die
I'm busy here with some other guy
It's good since you told me goodbyeOoh ho ho ho, ooh ho ho ho, ooh ho ho ho
It's good since you told meBaby you've been saying it's a tragedy
Maybe that for you but baby not for me
Now I've got someone who's taking care of me
It's you that's crying tears and I like the way it feelsSurprise, why you call me up late at night
Expecting me to wanna die
I'm busy here with some other guy
It's good since you told me goodbyeOoh ho ho ho, ooh ho ho ho, ooh ho ho ho
It's good since you told me goodbye
Ooh ho ho ho, ooh ho ho ho, ooh ho ho ho
It's good since you told me goodbye
