

# Fatalist

[Sarah Jaffe](#)

These are the same thoughts that I had yesterday  
Oh lady, lady  
creature of habit  
then swiftly becomes it Either we'll die, we'll die, we'll die, we'll die  
without a conscience Either we'll die, we'll die, we'll die, we'll die  
from the obvious Put me to shame  
Put me in my place Oh lady, lady  
creature of habit  
then swiftly becomes it Either we'll die, we'll die, we'll die, we'll die  
without a conscience  
Either we'll die, we'll die, we'll die, we'll die  
from the obvious
