Red

Treble Charger

Saw you looking for a light
Face painted cigarette white
You asked the cleanest boy you found

Couldn't see me turned aroundHis fingers stretched across your empty gaze

But I just can't escapeAs the red fades from your wrinkled dress

A picture of the people you've impressed

Hangs on a wall around here

Vision starts to crawl when I'm nearAnd the evening waits

While you get caught up to your own mistakes

Made up of different lines

I wouldn't wanna keep in my mindI wondered why you'd come around

Remembering your little girl frown

Your answers kept the crowd at bay

With compliments unwilling to payI have some things I'd like to say to you

But they just can't be trueAs the red fades from your wrinkled dress

A picture of the people you've impressed

Hangs on a wall around here

Vision starts to crawl when I'm nearAnd the evening waits

While you get caught up to your own mistakes

Made up of different lines

I wouldn't wanna keep in my mindAs the red fades from your wrinkled dress

A picture of the people you've impressed

Hangs on a wall around here

Vision starts to crawl when I'm nearAnd the evening waits

While you get caught up to your own mistakes

Made up of different lines

I wouldn't wanna keep in my mind
