

# Colour My Life

## M People

You're my masterpiece, my priceless friend  
My inspiration, love 'til the end  
Like a ray of light, a flower in bloom  
You change the day, sun and moon Color my life  
Ooh child, you've got to color my life  
Mmm, I said, Color my life  
Fill my canvas with everything nice Color my life  
Ooh child, you've got to color my life  
Mmm, I said, Color my life  
Fill my canvas with everything nice Like a cactus flower in the desert sand  
An oasis of love in a desolate land  
Our emotions flow, paint from a brush  
Sweet thing I love you, ohh so much Color my life  
Ooh child, you've got to color my life  
Mmm, I said, Color my life  
Fill my canvas with everything nice Color my life  
Ooh child, you've got to color my life  
Mmm, I said, Color my life  
Fill my canvas with everything nice Color my life  
Ooh child, you've got to color my life  
Mmm, I said, Color my life  
Fill my canvas with everything nice Color my life  
Ooh child, you've got to color my life  
Mmm, I said, Color my life  
Fill my canvas with everything nice
