

# Tomorrow Never Comes

## Vnv Nation

Heaven help us, we've lost control  
This should be our finest hour  
But we're racing towards the end of days  
Pulling back from the brink despite our best efforts  
The volume increases and the beat goes on  
All the players marching to a different drum  
The rhythm of the war dance, the beat goes on  
What will become of us if there's no one to watch over us?  
If we should face the certainty of our destruction  
Forbidding everything, pointless cries, futile dreams  
There'll be no after, there'll be no tears  
When tomorrow never comes  
This isn't a game and the safety's off  
Still wait one more and so the beat gets faster  
Everyone must play 'cause fame will find you  
Put your face on the cover of a loaded magazine

We're proud of ourselves, our greatest inventions  
Methods of killing have reached perfection  
All the players marching to a different drum  
The rhythm of the war dance and the beat goes on  
What will become of us if there's no one to watch over us?  
If we should face the certainty of our destruction  
Forbidding everything, pointless cries, futile dreams  
There'll be no after, there'll be no tears  
When tomorrow never comes  
As the warning siren sounds that the world is at an end  
Rendered unto night creations are asunder  
What would become of us if there's no one to watch over us?  
There'll be no after, there'll be no tears  
When tomorrow never comes
