

I Don't Want Your Loving

Weezer

You are cool, and you're hot,
and you know what you got.
You can have anyone,
you just call, and they come. But I won't be a number on your list,
I have way too much pride to go for this.
Because, I don't want your loving,
I don't want your love.
You came back this morning,
but I don't want your love. When I turn you away,
you don't know what to say.
Every word that you know,
gets caught up in your throat. Because nobody ever turned you down,
well I guess you had better learn to frown.
Because I don't want you loving,
I don't want your love.
You came back this morning,
but I don't want your love. Ooh, why don't you tell me goodbye?
Ooh, why don't you tell me?
Why don't you tell me, goodbye? So I won't be a number on your list,
I have way too much pride to go for this. No, I don't want your loving,
I don't want your love.
You came back this morning,
but I don't want your love.
