

Time Will Tell

Yngwie Malmsteen

I've never killed another man
I've never lived the master plan
I can only pray that we'll survive With every sin and whitened line,
I see the future slipping by
The time is nearing, what have we done Is there a reason? Someone explain?
And in the end will we pay? Time will Tell
I will The hands of time we can't turn back
Have we all slipped through the cracks
Lord have mercy, forgive us all Is there a reason? Someone explain?
And in the end will we pay? Time will Tell
I will There's no use looking back
Everything's turning black
Time's running out for us all
