

# Shake It

## Memphis Belle

I shake and think (yeah)  
That you're gonna be  
A little thing (hey)  
I don't wanna see  
Take It away  
It's a devil scream  
I don't think (hey)  
You'll gonna leave the scene I know I know, It's a Devil  
It's time for you to go  
All the things are breaking down  
So Shake it You're settled down  
And you can't run away  
I pray the lord  
For your disgrace  
Tonight we save your soul  
And fuck you anyway  
Tonight we do the show  
Let the game begin I know I know, It's a Devil  
It's time for you to go  
All the things are breaking down  
So Shake it
