

General

Zack Knight

You want me to get up on it girl
Come through cause you know you want it girl
She is a get up and go girl in uniform
She be putting in work all the time
Like an Indian dancer, she dip it low
And I really gotta make her mind Jaaniya pyar jo kiya to nibhana
Meri nazron se yun door na jaana tu We should come through like a general
So lay it all Tere tikhe tikhe nain nasheele
Kar jadoo
Tera aage peechhe phirdawan main
Meri ban ja tu She is a get up and go girl in uniform
She be putting in work all the time
Like an Indian dancer, she dip it low
And I really wanna make your mind Jaaniya pyar jo kiya to nibhana
Meri nazron se yun door na jaana tu We should come through like a general
So lay it all The way she come through like a general
The way she come through
Through through through
Bet up on her sleep she a corporal
Order when she control like
A general with an arrow up
Her sleeve like she a copper
The way she move up in the
Room like she professional Floating by the side she got credential
The way she come through
Like a general
The way she come through
Through through through
Bet up on her sleep she a corporal
The way she come through
Through through through Toone kya kiya hai mere dil ko sohniye
Dekhoon bas tujhko
Tere bin jee karda
Tu meri tamanna tu hi meri aarzu
Dekhoon bas tujhko tere bin na jee karda The way she come through like a general
The way she come through
Through through through Bet up on her sleep she a corporal x (2)
