

I'm Back

DMX

[Intro]

"Yeahhhhhhh, yeah-yeah" (let these motherfuckers know!)

[Hook]

"I'm back! To hold you" (uh, uh, uh, uh, let 'em know!)

"I'm back! To hold you" (uh, uh, uh, uh, let 'em know!)

"I'm back! To hold you" (uh, uh, uh, then give it to me like!)

"Yeahhhhhhh, yeah-yeah"

"I'm back!"

I flip through the tracks

Let these fucking cowards know I ain't slipped through the cracks

Dog back on the scene making a bunch of noise

You're a grown man, bring the brave boys

Man these niggas is toys but I don't play with 'em

So if you got guerrillas with guns, stay with 'em

Motherfucker we bang for war, we don't keep those things in drawers

When it rains it pours

Cold blooded killers, the murderers is senseless

To ID, we'll need forensics, or a dentist

Fuck with D.O.G and you will be

Straight up, D.O.A so R.I.P

Real niggas slip,

but bounce right back

Went from an ounce to a brick like that

Camera's always on so nigga might act

Like they wanna fight,

'til I fight back

"To hold you" (uh, uh, uh, uh, let 'em know!)

"I'm back! To hold you" (uh, uh, uh, uh, let 'em know!)

"I'm back! To hold you" (uh, uh, uh, then give it to me like!)

"Yeahhhhhhh, yeah-yeah"

Scratch you to death, I'm a go getter

download more to Twitter

Slugs big as my finger collect 4 on your vest

And we'll still be able to play connect 4 on your chest

Or I could hit 'em in the mouth and make this bastard taste

told you I'm a basket case

You call me acid face

I spit lava, you better off smacking your father

don't bother

We're career criminals; we rob niggas
Double R for life
Bitch niggas do what you do -- suck a dick
Fucking faggot, you've been off some sucker shit
Back up in your face
"up in your grill"
Getting back up in that lab with a license to kill
Tell your mans and them to chill, if they don't want what you got
They thought they was fuckin with a gangsta but you not!
"I'm back! To hold you" (uh, uh, uh, uh, let 'em know!)
"I'm back! To hold you" (uh, uh, uh, uh, let 'em know!)
"I'm back! To hold you" (uh, uh, uh, then give it to me like!)
"Yeahhhhhhh, yeah-yeah"
