## The Way it Should Be

## **Gwen Stacy**

That feels so good You know that I do love you babe But I don't want to rush it babe Today I wanna hold you Tomorrow I will give you more, yeah I wanna take my time with you So I can make it right with you That's how it used to be I only wanna give you more, like when 1 - When love was love When a kiss was a kiss That's what I miss And that's the way it should be When a man was a man When forever was a plan And people still hold hands And that's the way it should be I wanna take long walks with you And share all of my thoughts with you I wonder how you see your dreams Cause I see all my dreams in you, oh baby

Remember nights that we never met Creeping in with love when we were friends I wish we could bring back Those day when we were friends Repeat 1 (2x) I want you baby (oh, oh) When love was love When a kiss was a kiss That's what I miss Tell that you belong to me Make me secure? Hold me at night Take my troubles away I wish we could go back to the days when Repeat 1 (2x) (Ooh) When you love me When you hold me

When you love me
