

# Ain't Gonna Stop

## Natural Child

I got a blonde bombshell in my black Corvette  
Burnin' down the rubber like a hot cigarette  
Ain't found nothin' that will hold me yet  
Feels a little better when I'm out on the edge  
Like a Tarantino movie runnin' through my head  
Ain't gonna sleep again until I'm dead 'cause  
I'm gonna fly just as high as I want to  
I'm gonna roll like a river anywhere that I choose  
Ain't nothin' gonna slow me down  
And I ain't gonna stop till I drop  
Push it to the limit take it to overload  
Keep the party pumpin' everywhere that I go  
Everybody's rockin' when they come to the Otto show  
I don't need anybody tellin' me what to do  
I've come a long, long way with this bad attitude  
Wore a hole through the sole of my alligator boots  
I'm gonna fly just as high as I want to  
I'm gonna roll like a river anywhere that I choose  
Ain't nothin' gonna slow me down  
And I ain't gonna stop till I drop  
There's a mountain in my mind  
That I know someday I'm gonna climb  
So don't tell me, don't tell me not to try 'cause  
I'm gonna fly just as high as I want to  
I'm gonna roll like a river anywhere that I choose  
Ain't nothin' gonna slow me down  
And I ain't gonna stop till I drop  
Ain't nothin' gonna slow me down  
And I ain't gonna stop till I drop  
Ain't nothin' gonna slow me down  
And I ain't gonna stop till I drop
