

Blockbuster

Dear Chandelier

Your first mistake was to think you could fuck with the ranch

Here I come, here I come, with my dick in my hand

Do you think you'd like to have a blockbuster up your ass

Do you think you'd like that, well do ya motherfucker

Do ya, motherfucker

Do ya

We'll smash your eggs and then your head and we'll nab your kids

Take 'em outback on the deck and barbeque their ribs

Throw their heads into your ivy, water them with piss

Do you think you'd like that, well do ya motherfucker

Do ya, motherfucker

Do ya

Your first mistake was to think you could fuck with the ranch

Here I come, here I come, with my dick in my hand

Do you think you'd like to have a blockbuster up your ass

Do you think you'd like that, well do ya motherfucker

Do ya, motherfucker

Do ya, motherfucker

Do ya, motherfucker

Do ya
