All the Good News

Telegraph Canyon

Low and behold
I saw your ghost
Standing there
Naked

You telegraph your news
Share the good news
But I see a storm
Brewing in your ceiling

Am i supposed
To keep on believing
All the power
That god has given you
And somwhere's never rang so true
It ended upon the day
You woke up and blew the world away

Chorus:

Repay all your debts
Remedy your regrets
Swallow down slowly
Swallow with your chin high
You are red and white
They were pink and blue
There's nothing that...you have never knew
There's medicine
For you to get well soon

The trees lit up and the sky went dark
And it's easy to fire with a well trained heart
But it ended upon the day
You woke up and blew the world away
