## Unjust

unspoken misery new times,
new fears to beat unwanted disesteem the pains of a nomad

blind vagabond omitted filth to none
afoot seamlessly the rott of a dead manfaith, i am left isolated the shit pissed
and hated condemned life secluded frigid, not includedabandoned left dead unwanted dead manmyself, my pot of dreams
deserted all that's me
unwanted family the pains of a lone manbleeding society take all,
fuck dignity breakdown my will to be
the son of correctioni didn't want to be lone and scraped on...
"lost soul ... dead soul"
i didn't want to be scraped on...
"lost soul ... dead soul"
set you free ... set you free...unwanted misery bleeding society take all,
fuck dignity
