The Road To Utopia

Utopia

I blink my eyes and then it happens again
I lose my way but I discover a friend
It's a typical day on the road to UtopiaI walked along until my feet are sore
I rest a minute then I walk some more
There's no time to delay on the road to UtopiaAnd my destination is the unknown
But I'm never far away from my homeIt shines like laser light
It's in my dreams at night
'Cause I've been all my life
On the road to UtopiaI will be there to share your tragedy
I know that you would do the same for me
It's no trouble at all on the road to UtopiaWhen day is over and I'm trying to sleep
It comes so easy 'cause I'm not counting sheep
I am counting the smiles on the road to UtopiaAnd I may lose my way again and again
But I'll cross that borderline in the endIt shines like laser light
It's in my dreams at night
'Cause I've been all my life
On the road to UtopiaTrouble, trouble, trouble whirling all about
But if we stick together we can stick it out
Will we ever find the loves we lost again?
Does this crazy journey ever have an end?And will I find what I'm after?
Do I know what I'm after?
Guess I'll join in the laughter
On the road to Utopia
On the road to Utopia
On the road to Utopia
