

Little Momma

Band of Skulls

I believe that you and me are gone
Bees in the honey
Don't you wanna get some?
It's a feeling
I don't need a reason
Take a little
Take a little risk, hmmm?
If you're playing
Play me like the best
Woo
I can hear it
Can you hear the sweet song?
Keep on talking
Kissing (in the back hall)
Can't resist ya
Sing it like a rebel yell
Let me hear ya
Let me hear ya
Woo
There's no turning back
So don't you ever treat me like that
Little mamma
Don't you ever treat me like that
Little mamma
Don't you ever treat me like that
Little mamma
That little mamma, woo-oo
That little mamma
That little mamma
Don't you wanna?
Don't you wanna try some
I'll repeat it
Do a little more harm
Serenade ya
Got you under my spell
What you're doing
You do it so well
Woo
Give you wishes
Give you all you dreamed of
Drag you under
Drag you to the deep dark

Don't resist it
Be my ever-loving one
Let me hear ya
Let me hear ya
WooThere's no turning back
So don't you ever treat me like that
Little mamma
Don't you ever treat me like that
Little mamma
Don't you ever treat me like that
Little mamma
That little mamma, woo-oo
That little mamma
That little mammaI believe that you and me are goneThat little mamma
That little mamma, woo-oo
