

I Loved 'Em Every One (T. G. Shepard)

T.G. Sheppard

I've known some painted ladies that sparkled in the light
Country girls that loved the lovers moon
Some I never really knew, though I always wanted to
Some I only met once in a room Some said they liked my smile, others of 'em stayed a while
While others left me on the run
This is the only way, only way I have to say
I loved 'em every one Big, little or short or tall, wish I could've kept them all
I loved 'em every one
Like to thank 'em for their charms, holdin' me in their arms
And I hope they had some fun Here's to the ladies in saloons and living rooms
Summer nights that lasted until dawn
Here's to the memories, everyone's a part of me
Oh, I loved 'em every one Big, little or short or tall, wish I could've kept them all
I loved 'em every one
Like to thank 'em for their charms, holdin' me in their arms
And I hope they had some fun Big, little or short or tall, wish I could've kept them all
I loved 'em every one
Like to thank 'em for their charms, holdin' me in their arms
And I hope they had some fun
