Luv Your Life

Silverchair

You don't know the truth and I luv your life
And you don't know the truth and I luv your life
Thrust the candle to the dark of your disease
Burn the fish plate, execute ill memories
Labyrinth of sympathy in which I'm lost and can't leave
And too much truth overshadows the lime lies
'Cause what lies beneath the clouds
Is an altered perception and I'll pay for sanity
But sanity don't come cheap
You don't know the truth and I luv your life
And you don't know the truth and I luv your life
'Cause you don't know the truth and I luv your life
And you don't know the truth and I luv your life
And you don't know the truth and I luv your life
And you don't know the truth, I luv your life
Flinch against the fire but this ain't winter
And I'm all by myself the way I wanna be
Where I'm content to be to be all by myself
And frozen eyes are bound to melt
You don't know the truth and I luv your life
And you don't know the truth and I luv your life
And you don't know the truth and I luv your life
And you don't know the truth
And you don't know the truth
And you don't know the truth and I luv your life
And you don't know the truth
And you don't know the truth
And you don't know the truth
