

# Written All Over Your Face

## Holy Shit

Save your breath

I see the storm comin'

I feel the clouds closin'n

Hush your mouth. I'll find the words for youOh your poor heart don't feel the same

We'll still be friends

But I'm alone again[Chorus:]

So you don't have to say

What you're thinkin now

Baby don't be afraid

I'll try and make it easy for you

I'll cry the tears a little later on

You don't need to worry

I know I have been replaced

It's written all over your faceYou wish you could

Feel the way that I do

You never meant to hurt me

The clichs good. Theres someone out there waitingOh that I'll find along the way

But I thought that was you?

Yet I'm alone again[Chorus:]

So you don't have to say

What you're thinkin' now

Baby don't be afraid

I'll try and make it easy for you

I'll cry the tears a little later on

You don't need to worry

I know I have been replaced

It's written all over your faceIt's the hardest thing

You've ever had to do

You just wanna tell the truth

Well that's nice of you[Chorus:]

But you don't have to say

What you're thinkin' now

Baby don't be afraid

I'll try and make it easy for you
