Brown Chicken Brown Cow

Trace Adkins

Bobby Joel and Betty got a real nice farm
Everybody knows that they work real hard
Bobby Joel sweatin' in the noonday sun
Betty right beside him 'til the work's all doneBut every now and then they get a strong desire
To crawl up in the hay and set the barn on fireNow the hay needs haulin', the hogs needs slop
The corn needs cuttin' but the tractor's stopped
They climbin' up the ladder, clear through the loft
Shuckin' those dirty ol' work clothes offSingin' brown chicken, brown cow
(Ain't nobody watchin' but the)
Brown chicken, brown cowBlack crow sittin' on a weather-vane
He can see 'em comin' from a mile away
Yeah, he's caw-caw-cawin' out a loud alarm
Hey y'all, Bobby Joel and Betty headin' for the barnNow the chicken ain't peckin' and the cow won't eat
They're fightin' each other for a front row seatNow the hay needs haulin', the hogs needs slop
The corn needs cuttin' but the tractor's stopped
They climbin' up the ladder, clear through the loft
Shuckin' those dirty ol' work clothes offSingin' brown chicken, brown cow
(Ain't nobody watchin' but the)
Brown chicken, brown cowNow the hay needs haulin', the hogs needs slop
The corn needs cuttin' but the tractor's stopped
They climbin' up the ladder, clear through the loft
Shuckin' those dirty ol' work clothes offSingin' brown chicken, brown cow
(Ain't nobody watchin' but the)
Brown chicken, brown cow
(Ain't nobody watchin')Brown chicken, brown cow
(Ain't nobody watchin' but)
Brown chicken, brown cow
Only one watchin', baby
(Ain't nobody watchin')Oops
