

Why

Godsmack

How in my head can I forget you make me suffer, yeah
Trying to see how far you'll push me underground
Back into the rhythm fast trippin' me when your in my world, yeah
Everything you say, I find a way to bring you down Why? Another way for you to fake your way through your
life, yeah
Remember everything you do will come around
Never am I going back to think I'm on crack and you might like it, yeah
Will you ever fade away baby? Why don't you just get out of my life? Why? I think of you sometimes but I never
believe in you again
I think of you sometimes but I never believe in you again
I think of you sometimes but I never believe in you again
I think of you sometimes but I never believe in you again And I'll never look back Why? Why?
