Killer Baby

Curve

I'll put you down as the third alternative
When you get to the bottom of the list
In the call for sanity, nothing breathes
So I'll put you up as a friend of Mary's
'Cause when she's raring to go she's quite contraryIn the race for courage
Everyone's gone blindYou're doing real well now
Killer now baby
Real well now
Killer now babyReal well now
Killer now baby
Real well now
Killer, killer, killer, killerHappy in a manic sort of way
But I'm real on a manic high day
The universe has left behind us
All behindYou're doing real well now
Killer now baby
Real well now
Killer now babyReal well now
Killer now baby
Real well now
Killer, killer, killer, killerThe universe has left behind us
All behindYou're doing real well now
Killer now baby
Real well now
Killer now babyReal well now
Killer now baby
Real well now
Killer, killer, killer, killerI can't let go of the past
When it's my future
That's safe and rosy
I can't step out onto the street
When it's my moods
That keep me broodyThrow it out and see what happens
Throw it out and see what happens
Throw it out and see what happens
Throw it out and see what happensThrow it out and see what happens
Throw it out and see what happens
Throw it out and see what happens
Throw it out and see what happens
