Tough

Goldroom

Oh my my
Take a look at my eyes
Yours are crowded
My advise, better realize
Think about itYou want around me when the times got rough
I see right through you and you say what's up
You know I'm high why you stoop so low over my loveAnd now you want a piece of me, ooh
but I don't break that easily, ooh
C'mon and take a piece of me, ooh
I know you think you're so tough
.
And now you want a piece of me, ooh
but I don't break that easily, ooh
C'mon and take a piece of me, ooh
I know you think you're so tough, so toughOne track mind
and its been a awhile
So excited
Fuck your smile
Dont apologize
You can't hide itYou want around me when the times got rough
I see right through you and you say what's up
You know I'm high why you stoop so low over my loveAnd now you want a piece of me, ooh
but I don't break that easily, ooh
C'mon and take a piece of me, ooh
I know you think you're so tough
.
And now you want a piece of me, ooh
but I don't break that easily, ooh
C'mon and take a piece of me, ooh
I know you think you're so tough, so toughYou think you're so tough, slow down
Talking too much, right nowCan't have my love without showing me love, showing me loveAnd now you want a piece of me, ooh
but I don't break that easily, ooh
C'mon and take a piece of me, ooh
I know you think you're so tough
.
And now you want a piece of me, ooh
but I don't break that easily, ooh
C'mon and take a piece of me, ooh

I know you think you're so tough, so tough.
