

# Toy Baby Grand

## Boy in Static

This one went down to marketplace  
Consignment rescue mission base  
Clothes on the mannequin  
Just worn by Adrienne yesterday Toy baby grands sleep by the wall  
Descending decades down the hall  
Dust bunnies on the keys  
Performing their masterpiece for you and me A woolen landslide of plaid and stripes  
A brandished Ph.D  
Now she's your wife to be  
But just you wait, just you wait
