

Know Your Enemy

Green Day

Do you know the enemy?
Do you know your enemy?
Well, gotta know the enemyDo you know the enemy?
Do you know your enemy?
Well, gotta know the enemyDo you know the enemy?
Do you know your enemy?
Well, gotta know the enemyViolence is an energy
Against the enemy
Violence is an energyBringing on the fury
The choir infantry
Revolt against the honor to obeyOverthrow the effigy
The vast majority
While burning down the foreman of controlSilence is an enemy
Against your urgency
So rally up the demons of your soulDo you know the enemy?
Do you know your enemy?
Well, gotta know the enemyDo you know the enemy?
Do you know your enemy?
Well, gotta know the enemyThe insurgency will rise
When the blood's been sacrificed
Don't be blinded by the lies
In your eyesViolence is an energy
From here to eternity
Violence is an energy
Silence is an enemy
So gimme gimme revolutionDo you know the enemy?
Do you know your enemy?
Well, gotta know the enemyDo you know the enemy?
Do you know your enemy?
Well, gotta know the enemyOverthrow the effigy
The vast majority
We're burning down the foreman of controlSilence is an enemy
Against your urgency
So rally up the demons of your soul
