

Powerful

Skye

Then we both went home
On separate trains
When the heart had gone
Out of it But I'm not gonna cry
I wanna laugh again
I'm not gonna try
When it isn't happening
I'll just let it go Can you feel me now?
Powerful
Do you hear me now?
Every thing's possible
Wonderful, feel like I'm beautiful When we both look back
We don't see the same
I don't need to deal with
That hurt again 'Cause I'm ready to fly
I've gotta spread my wings
I don't wanna die without living
Just let me go Can you feel me now?
Powerful
Do you hear me now?
Every thing's possible
Wonderful, I feel like I'm beautiful You told me that I could never love
Without you
I didn't argue with the fact
I guess I was happy with that
At the time Can you feel me now?
Powerful
Do you hear me now?
Any thing's possible Can you feel me now?
Powerful
Do you hear me now?
Any thing's possible
Wonderful, feel like I'm beautiful
Natural, lyrical, no longer cynical Then we both went home
