

Kill the Sexplayer

Girls Against Boys

Kill that noise
Kill the noise
Make it alright Kill the drummer
Kill the bass player
Kill both bass players This song is so hip right now
I'm going deaf
I wanna kill the singer Kill the 3x bass expansion unit
Kill the drummer, he can't play
Yeah, I wanna make it alright Kill my headache
Kill the sugar
Kill the honeybees, way off time Strip it down
Take it to the house
Kill the singer One of us will will fall
There is no time
Make it alright Kill the sexplayer
Kill the sax player
Make it all right
