Plastic Stars (Commodore Vic's Sleeping Dogs Mix)

Freezepop

when you're lying next to (3x)

you say, that you never want to go
when you're lying next to me
I say, that I want to take it slow
when you're lying next to me

plastic stars in our private galaxy
synthpop stars come and play a show for me

you say, a better place cannot be found
when you're lying next to me
I say, let's make my bed a playground
when you're lying next to me

plastic stars in our private galaxy
synthpop stars come and play a show for me-ee-ee

you say, that you never want to go
when you're lying next to me
I say, that I want to take it slow
when you're lying next to me
you say, a better place cannot be found
when you're lying next to me
I say, let's make my bed a playground
when you're lying next to me

you say, a better place cannot be found
when you're lying next to me
I say, let's make my bed a playground
when you're lying next to me

plastic stars in our private galaxy
synthpop stars come and play a show for me-ee-ee

you say, that you never want to go
you say, a better place cannot be found

when you're lying to me (repeat until end)
