

# Faded Lines

[Kari Kimmel](#)

Faced with lies  
Don't you think that you just lie?  
Caught inside  
Worlds made mostly of lies Make up your mind  
'Cause it's all we love  
That's all  
Just faded lines Overwhelmed  
Overjoyed is the same  
Beneath the stillness  
The place where coldness meets cold Make up your mind  
'Cause it's all we love  
That's all  
Just faded lines And what else? Make up your mind  
'Cause it's all we love  
That's all  
Just faded lines Yeah, I was scared  
The seconds dripped past so slow  
But I just stood there  
I thought you should know
