

# Dolphins

## Matt Kivel

This whole world may never change  
The way it's always been  
I know all the ways of war  
Cannot change it back again  
I've been searching for the dolphins in the sea  
Sometimes I wonder do you ever think of me  
I'm not the one to tell this world  
How to get along, yeah  
I only know that peace will come  
When all the hurt is gone  
I've been searching for the dolphins in the sea  
Sometimes I wonder do you ever think of me  
Sometimes I think about  
Saturday's child  
And all about the time  
You and me were black and white  
I've been searching for the dolphins in the sea  
Sometimes I wonder do you ever think of me  
And this whole world may never change  
This whole world may never change  
This whole world may never change
