I Will Still Sing

Flymore

Verse 1
Void I my life means no voice
Its true at some times
Life has left me with no choice
I do need
Run this way
When life is getting down
I take my mic and sound
Takes my mind
Out of time
Second round
Are you ready now
Jump up all
And you scream
I will singChorus
I fuck off and die
Just wanna let it out of my mind
By my sight
You all wanna stop me I wont shut up
Hate meVerse 2
Stage in my life means a lot
Its true for all time
See Im here to make this rot
I do need
Run this way
When life is getting down
I take my mic and sound
Takes my mind
Out of time
Second round
Are you ready now
Jump up all
And you scream
I will singChorus
I fuck off and die
Just wanna let it out of my mind
By my sight
You all wanna stop me I wont shut up
Hate me

But I will still singBridge:
Steps would be backward
If I will fall down if
I have no reason to sing or play
Steps wont be backward
And I wont fall down
Ill sing x 3Chorus
I fuck off and die
Just wanna let it out of my mind
By my sight
You all wanna stop me I wont shut up
Hate me
But I will still sing
I will still sing
But I will still sing
I will still sing
