

Where Are You Now

2 Unlimited

I watch the door but no one comes through
I watch the sun painting pictures of you
Nothing I do can kill the chill inside
Silver days, wishes come true
Simple thoughts, enough love for two
Sharing a dream, sharing the warmth we had
Where's the flame that kept us in motion?
Did it burn out as well?
Where's the flame?
Did you take it with you?
Where are you now, do you think of us?
Do you think that it was worth it?
Where are you now, are you alone?
Do you know that I've been waiting?
I've been waiting when the sun goes down
All the roads, you taking a lot
Stretch of sea a thousands times
But none of them roads, they bring you to my door
Where's the flame that kept you in motion?
Did it burn out as well?
Where's the flame?
Could you take it with you?

Where are you now, do you think of us?
Do you think that it was worth it?
Where are you now, are you alone?
Should I hope that you are waiting?
Where are you now, do you think of us?
Do you think that it was worth it?
Where are you now, are you alone?
Can you see that I've been waiting?
I've been waiting while the sun goes down
If you listen you will hear
Close your eyes, the light is near
Yeah, yeah, yeah, yeah
Where's the flame that kept you in motion?
Did it burn out as well?
Where's the flame?
Could you take it with you?

Where are you now, do you think of us?
Do you think that it was worth it?
Where are you now, will I ever know?
Is it somewhere I can find you?
Somewhere the sun always shines
