

Burn

CfaN Worship Uk

Make this spark into a flame
Make this flame into a fire
I want to burn, I want to burn
Burn up all that's not of You
Purify me with Your truth
Fire that refines
Set me apart In my life be glorified
In all I do be lifted high
I want to burn, I want to burn
More of You and less of me
So a dying world can see
Mercy and grace,
Power and love Here am I Lord send me
Filled with Your glory
Good news to the poor
Love the broken hearted
Grace and forgiveness is what this world needs
The cross is the answer to all who believe Set me on fire
Set me on fire x 2
