Like We Grown

Trevor Jackson

Hey I know I'm young but I promise you
Imma love you like we grown tonight
Imma pick you up and we go around
Like we're tonight with the world fled back
Hands up girl we owe
Your body's giv'in me the vibe I'm speaking
I wanted tell that all night so I've studied up
To take we're you'll come
Do something crazy you've never done before
I've studied up we ain't gotta go come
Let's stay out all nightImma love you like we grown tonight
Imma pick you up and we go around
Like we're tonight with the world fled back
Hands up girl we owe we owe
Hands up girl we owe we owe
Then we can do this all night
Just like we grownI know that you love and that you're buying it
You seen a thing that starts from here
I know you like every moment right
I know you like sitting under the moonlight
I know you like every moment you feel right
So let's stay out all nightImma love you like we grown tonight
Imma pick you up and we go around like we grown tonight
With a the world fled back
Hands up girl we owe we owe
Hands up girl we owe we owe
Then we can do this all night
Just like we grow
It's all right, you can trust me
I just wanna love you
Baby take my hand
And we know if it feels right
Ain't no stress
Ain't no pressureBaby I'll just love you like we grown tonight
Imma pick you up and we go around like we grown tonight
The world fled back hands up girl
We owe hands up girl we owe
Hands up girl we owe we owe
And we can do this all night

Just like we grow we owe
Just like we grow we owe
Just like we grow we owe
Just like we grow
I will love you like we grown tonight
Imma pick you up and we around tonight
