Crucify

James Labrie

Father, watch me fall
Witness my mistakes
I have lost it all
I'm about to breakBefore the sound of dawn
I turned my back on you
The life in me was gone
My consciousness withdrewFear tormenting me
Guilt won't let me beI chose a different way
But there's nowhere I could hide
From one end of the world
To the other sideI've never felt as cold
As I do today
There's nothing here to hold
No reason I should stayCrucify, resist, deny
Kill the pain that dwells inside
Send your word from on high
So this part of me will dieCan you hear my thoughts?
I know what I've done
You are all I've got
And I don't want to runSurrender to your will
From the ashes I am new
Your presence is revealed
Showing all that's trueFear tormenting me
Guilt won't let me beCrucify, resist, deny
Kill the pain that dwells inside
Send your word from on high
So this part of me will dieCrucify, resist, deny
Kill the pain that dwells inside
Send your word from on high
So this part of me will dieCrucify, resist, deny
Kill the pain that dwells inside
Send your word from on high
So this part of me will die
