

Healing in His Tears

[Smokie Norful](#)

Jesus cried for my pain
Removed agony and strain
Lent His ear to my fear
Theres healing in His tears
Theres healing in His tears Being both God and man
Who better would understand
Than the One who comforts me
And who died to set me free Jesus cried for my pain
Removed agony and strain
Lent His ear to my fear
Theres healing in His tears
Theres healing in His tears Just like He cried for Lazarus
Still today He cares for us
And when Jesus feels your pain
Nothing in your life remains the same Jesus cried for my pain
Removed agony and strain
Lent His ear to my fear
Theres healing in His tears
Theres healing in His tears Healing, healing
Healing, healing, oh Oh, oh, oh, oh, healing
Oh, oh, healing
