

# Plastik People

Bis

Hey plastik people  
You're the stars of the screen  
Seen you posing in the magazines  
Watch your movements so synchronized  
Can't avoid you on a Friday night Oh, oh, oh, the plastik people  
So synchronized  
Oh, oh, oh the plastik people Hey TV man, he says that you'll go far  
Got a record deal a new sports car  
What's the matter with your plastik face  
Have you got a hair out of place Oh, oh, oh, the plastik people  
So synchronized  
Oh, oh, oh, the plastik people  
On a Friday night  
Oh, oh, oh, the plastik people
