

Road

Svarte Greiner

You can say the sun is shining if you really want to
I can see the moon and it seems so clear You can take the road that takes you to the stars now
I can take a road that'll see me through
I can take a road that'll see me through You can take a road that takes you to the stars now
I can take a road that'll see me through
I can take a road that'll see me through
I can take a road that'll see me through
