Bloodchurn

Suffocation

Impatiently waiting
To seize the moment
Blood churns
Rotten stench
Enhanced by your senses
Stone coldPerceived by those who choose what's right
Misled through life
Empty lies and broken promises - Constitute reactions
Out cast
Thrown away by others
Misrepresented soulBroken limbs
Cracked by your hand
Unforgiving
One fourth
Of what you should be
Miscontrued realityPerceived by those who choose what's right
Misled through life
Empty lies and broken promises - Constitute reactions
Out cast
Thrown away by others
Misrepresented soulBreed - Hate - DeceptionGreed - Hate - Deception
