

# Confusion & Havock

## Blanche Eden

Confusion and havock, confusion and havock you can have it baby

Do I hate you or do I need some good lovin'?  
Why it gotta be like that? No baby  
We been saying the same shit all day  
Progression comes with dedication, earn it  
We have none, so I guess were on vacation  
Ive been taking these trips for too long  
They say it gets better, it better get wetter  
When is enough, enough?

### Chorus

Confusion and havock, confusion and havock  
You can have it baby  
I don't want it, Im not happy baby

We don't speak the same language  
What the fuck are you saying?  
Oh you think I'm playin'  
I aint playin'  
Confusion and havock, confusion and havock  
You can have it baby  
I don't want it, Im not happy baby

Ya holdin' back, give it to me  
Ya holdin' back, give it to me  
Ya holdin' back, give it to me, give it to me  
Ya holding back, ya holding back  
Give it to me

I convince myself to keep wantin' your love  
Keep telling myself, I need it  
I know you love me, I know you want it  
Success comes with motivation, earn it  
But we have none, so I guess were on vacation  
Ive been taking these trips for too long  
They say love, takes time, how much you got?  
Is that asking too much?  
I'm giving too much

Chorus

Confusion and havock, confusion and havock

You can have it baby

I don't want it, Im not happy baby

Ya holdin' back, give it to me

Ya holdin' back, give it to me

Ya holdin' back, give it to me, give it to me

Ya holding back, ya holding back

Give it to me
