Not afraid

Half Off

Yo, I swear, I been through it all
And I pray that I never fall, God protect me
And I swing my dragon chain, all my dogs with me
Just to set the record strait homey
I'm not afraid, shit, no, I'm not afraid of anything
And I swear that I'm goin' not be young forever
You could pump ya fist, you could pump ya disc
I'm a never miss with a track in the back as crunk as this
On the wall I'm a place my name
If my dog, then you do the same as you with me, yeah
Every ghetto, every hood, time to make it understood
Now sing, sing it
I'm not afraid, no, I'm not afraid of anything
And I swear that I'm goin' not be young forever
You could pump ya fist, you could pump ya disc
I'm a never miss with a track in the back as crunk as this
I'm not afraid, no, I'm not afraid of anything
And I swear that I'm goin' not be young forever
You could pump ya fist, you could pump ya disc
I'm a never miss with a track in the back as crunk as this
And ya'll don't understand what happened with my mans and them
Yes, I ride for my, I ride for my, I die for my, I die
And now that they're gone I feel so all alone
But I'm gonna be okay as long as the hood with me, yeah
I'm not afraid, no, I'm not afraid of anything
And I swear that I'm goin' not be young forever
You could pump ya fist, you could pump ya disc
I'm a never miss with a track in the back as crunk as this
I'm not afraid, no, I'm not afraid of anything
And I swear that I'm goin' not be young forever
You could pump ya fist, you could pump ya disc
I'm a never miss with a track in the back as crunk as this
